PROFESSIONAL SUMMARY

BSIT graduate with hands-on Tier 1 IT Support experience gained through an internship at the Department of Information and Communications Technology (DICT), supporting hardware, software, network, and end-user issues. Holds the Google IT Support Professional Certificate, with additional certifications and training in IT Service Management, networking, AI, and Google Workspace. Seeking an entry-level IT role where I can apply my technical knowledge, develop my skills, and contribute to the organization.

WORK EXPERIENCE

IT Support Associate – Intern

Mar 2026 – Jun 2026

Department of Information and Communications Technology (DICT) – Main, Quezon City
Management Information Systems Service – Network Administration and Security Division

- Deployed, tested, and configured 200+ Lenovo ThinkPad laptops, including driver installation, Windows updates, and system configuration. Ensured 100% deployment readiness before rollout, enabling timely device distribution to end users.
- Provisioned and deployed 65+ Epson L6460 printers and 50+ Epson DS-570WII scanners, performing driver installation, IP configuration, and wireless setup across multiple departments. Ensured reliable device connectivity and minimized setup delays for end users.
- Performed network diagnostics and basic Wireless Access Point (AP) configuration to identify and resolve connectivity issues. Improved network stability and restored reliable access for users.
- Provided Tier 1 desktop and end-user technical support for hardware, software, and network-related issues. Resolved technical incidents efficiently, minimizing downtime and maintaining business continuity.
- Conducted technical inspections and asset assessments for 300+ IT equipment while maintaining accurate inventory documentation. Improved asset tracking and supported effective IT asset management.
- Fabricated, terminated, and tested 40 RJ45 network cables for the ASEAN 2026 infrastructure project. Verified cable continuity and ensured reliable network connectivity for deployment.
- Configured and deployed IT equipment for corporate meetings and events, including laptops, microphones, speakers, displays, and cameras. Delivered reliable technical support that enabled events to proceed without major technical issues.

IT Staff – (DOLE – SPES / Summer Job)

Jul 2022 – Sep 2022 | Dec 2023 – Jan 2024

Barangay Guitnangbayan 1 Hall - San Mateo, Rizal

- Maintained the performance of 20+ office PCs by performing hardware maintenance, malware removal, system troubleshooting, and preventive maintenance, improving workstation reliability and minimizing technical downtime.
 - Managed the barangay's official social media platforms by creating and publishing 100+ photos, videos, and digital content for public information, event documentation, and official reports, enhancing community engagement and organizational communication.
 - Monitored and maintained CCTV surveillance systems across multiple camera channels by conducting live monitoring, playback reviews, incident verification, and routine equipment inspections, supporting security operations and ensuring reliable surveillance coverage.
-
